

Cross Collaborative of Care Coordinators - Progress Report - 2016

This group has no strategic plan; however, what follows are some of their accomplishments for 2016:

- Developed an asset directory of care coordinators (aka case managers and service coordinators) who serve families and adults in Georgetown County.
- Held well-attended meetings in March, May, July, September, and November.
- Created a list of 6 common questions for members' to begin collecting the same kinds of information for collective impact.
- Participated in the discussion of a proposed Human Services Collaborative referral process called RISE.
- Participated in an in-service on domestic violence presented by staff of the Family Justice Center.
